

## MORCLEAN UHP-7015 COLD WATER HIGH PRESSURE CLEANER

Morclean's UHP-7015 cold water pressure cleaner is an electric driven system with a 24kw motor and 700 bar pressure, at a flow rate of 15 litres per minute...

### FEATURES

- Sturdy frame painted with anti-corrosive treatment
- Stainless-steel cover panel
- Handy lance and gun storage
- High filtering capacity cartridge self-cleaning suction filter
- Pneumatic wheels with steel hub and air chamber
- Electric motor (1400 rpm) 30 HP
- TW 700 triplex pump
- Motor-pump coupling with flexible joint
- S.S. pressure gauge
- Automatic unloader valve with external by-pass and gradual pressure restorer
- Safety valve
- Overheating thermostatic valve
- Low voltage (24V) control panel with star-delta system
- Remote switch and motor cut-out with thermal relay
- Emergency stop button
- Hour counter

*Triplex pump with S.S. AISI 420 head*

*Motor-pump coupling with a flexible joint*

*Stainless steel glycerine pressure gauge*

*Low voltage (24V) control panel with star-delta system*
